# MANCHESTER MEMORIAL HOSPITAL

# MANCHESTER MEMORIAL HOSPITAL

## CORNERSTONE OF THE COMMUNITY IT SERVICES

Hospitals are there when we need them, providing high-quality care for everyone who walks through their doors, regardless of their ability to pay.

The positive impact of hospitals expand far beyond the essential medical care that they provide. Manchester Memorial Hospital is a dynamic organization, working to strengthen our healthcare system, our community, and our economy. Manchester Memorial Hospital is continually

working to find innovative ways to better serve patients and the community and always ensuring that patients are receiving high-quality, coordinated, cost-effective care.

Manchester Memorial Hospital's compassionate doctors, nurses, and other care team members partner with patients and their families fostering relationships that ensure patients feel respected and engaged in their healthcare.

**\$253 million**

### CAPITAL IMPROVEMENTS

**\$3.1 million**

Spent on buildings and equipment

**\$3.1 million**

Additional economic activity generated

### TOTAL IMPACT

Of spending on capital improvements:

**\$6.2 million**

## TOTAL ECONOMIC IMPACT: \$461.8 million

Note: Hospital and health system economic analysis is based on statewide multipliers from the Regional Input-Output Modeling System (RIMS II), developed by the Bureau of Economic Analysis of the U.S. Department of Commerce. It uses data from each hospital and health system's FY 2023 audited financial statements. RIMS II provides an accounting of "inputs" purchased and "outputs" sold by an industry in the state. The spending of one industry will have ripple influence throughout a state's economy — this is known as the multiplier effect. RIMS II regional multipliers measure both the direct and indirect impact on the state economy from a specific industry. The total number of jobs is based on individuals employed by Connecticut's hospitals and health systems, as recorded through IRS Form W-3.

# CONNECTICUT STATEWIDE DATA
