

Services and Facilities

Together, we are Making Healthy HappenSM

At ECHN, we believe healthy includes many components: physical, mental and spiritual health; prevention and recovery; treating illness and living fuller and more healthy lives to reach our fullest potential.

Likewise, making healthy happen requires effort on our part. We connect you to talented medical professionals who put patients first. We utilize the latest medical technology to improve outcomes and patient safety. We offer diverse services, from basic medical needs to alternative medicine and wellness. We connect it all in a single, cooperative network, ensuring consistent, high-quality care everywhere you see the ECHN name.

Most of all, healthy takes you. So we work hard to keep you updated and informed about your health and care. We offer a menu of classes and other educational opportunities, most of them free. We meet the changing needs of the community by constantly expanding our services. We continue to make it easier and more affordable to access the care you need when you need it.

Thank you for trusting your health with ECHN. We're excited and honored to be making healthy happen with you.

How ECHN adds value to your care:

Teamwork, working for you

ECHN professionals share medical records and work together, so they really know you and your health needs.

Easier, closer, more convenient

Resources are neighborhood-based, making travel and parking easier.

Quality care

ECHN means high-quality care, evidenced by numerous honors, achievements and certifications.

Manchester Memorial Hospital

A QUALITY PROGRAM
of the AMERICAN COLLEGE
OF SURGEONS

**In 2022, 2023 and 2024
Manchester Memorial
Hospital received the
industry's highest
honor for patient safety.**
