Financial Assistance / Charity Care

ECHN is committed to providing financial assistance to persons who have healthcare needs and are uninsured, underinsured, ineligible for a government program, or otherwise unable to pay, for medically necessary care based on their individual financial situation. Consistent with their mission to deliver compassionate and high quality healthcare services and to advocate those who are poor and disenfranchised, ECHN strives to ensure that the financial capacity of people who need health care services does not prevent them from seeking or receiving care.

In accordance with the Federal Poverty Level (FPL) guidelines, all other uninsured patient will not be charged more than the amount generally billed to insured patients for emergency or medically necessary care.

Financial Assistance Applications may be offered to patients whose accounts are with a collection agency and will apply only to those accounts on which a judgment has not been granted.
